Items specified in this procurement:

1.

2.

3.

4.

5.

Approval by the GSFC Environmental Manager is required to purchase the item(s) above, which are on the U.S. EPA or USDA list and cannot be purchased with minimum recycled/recovered and/or biobased content. A waiver is required because:

- ☐ Use of minimum content standards would result in inadequate competition.
- ☐ Products meeting guidelines are only available at an unreasonable price.
- ☐ Products meeting guidelines do not meet quality/performance specifications.
- ☐ Products meeting guidelines are not available within a reasonable time frame.
- ☐ For biobased only - Listed products are exempt because they will be procured for a spacecraft system of launch support equipment.
- ☐ **Written justification and supporting material for not procuring designated items are attached.**
